Meet Ezypay

Ezypay is an award-winning payment facilitator. We craft intelligent, cloud-based software solutions that make capturing payments simple, efficient and easy.

Ezypay makes it simple to manage multiple customers, currencies and payment types - all within one platform. Set up automated billing in our secure PCI DSS-compliant AWS cloud-based environment - and turn your customers into subscribers with highly customisable payment plans.

Ezypay's technology functions as a standalone payment platform and Ezypay's payment capabilities can be easily integrated into a pre-existing business software solution. Our suite of APIs and dedicated integration team make partnering with Ezypay effortless.

Founded
1996

Merchants
