

## Ezypay Partners with Intelligent Education Software Solution Provider, Meshed Group, to Support the Higher Education and Registered Training Industry

**SYDNEY, 2 November 2022** – Ezypay is excited to announce its partnership with Meshed Group, the provider of comprehensive, intelligent and intuitive software solutions for student management. Together, the two companies will support the education and registered training industry in Australia.

Meshed Group's purpose is to help education institutions improve, innovate and grow by offering a suite of proven technological solutions, support and expertise. Successes have been in building comprehensive Enterprise Management Systems (EMS), customised software, CRM platforms and web applications, such as Meshed Higher-Ed, Meshed RTOManager, Meshed Workflow, together with consulting services. Meshed's comprehensive student management systems support VET, CRICOS, ELICOS and Higher Education providers around Australia every day.

The partnership will allow education providers to leverage the powerful features of Ezypay's subscription payment facilities and benefit from reduced manual payment processing. Meshed Group's RTO, Universities, Colleges and TAFE users will be able to create custom payment plans for students, accept credit card payments and bank direct debits, view outstanding collections, as well as process manual payments if necessary.

The Meshed Group's General Manager, Chris Phillips, said: "The Meshed Group are delighted to be partnering with Ezypay. This integration offers our clients a solution that is not only easy to set-up, but more importantly will enable our clients to manage direct debit payments for their student fees. The partnership is a great fit for both companies".

Ezypay's CEO James Foster agrees, "We are excited to have partnered with the Meshed Group and are sure our expertise in payments will provide value for their RTO's, Universities, TAFEs, higher education providers and ELICOS."

Foster continues, "The Meshed Group joins many other great partners across a range of industries, including Education, Childcare, Health and Fitness, and Real Estate. Our feedback is showing that for innovative technology platforms like Meshed, Ezypay is the sensible choice when it comes to subscription payment integration."

**About Ezypay, [www.ezypay.com](http://www.ezypay.com)**

Ezypay is a multi-award winning FinTech company specialising in the provision of subscription and recurring direct debit payments. Since its establishment in 1996, Ezypay has continued to support businesses to generate revenue and settle complex financial scenarios with recurring customers the easy way.

Ezypay's cloud-based payment platform offers businesses a suite of easy-to-use subscription management services to automate recurring direct debit payments. The platform enables merchants to easily set-up flexible payment plans across different sites, to offer multiple payment options to their customers, including direct debit and credit card, and to improve revenue collection rates through advanced failed payment handling capabilities.

The Ezypay platform is PCI DSS (Payment Card Industry Data Security Standard) accredited, ensuring all customer debit and credit card handling, billing and payment processing are achieved at the highest level of security. As a modern cloud-based system, it can be used as a standalone platform or integrated into existing business software through a set of powerful APIs.

Ezypay has processed over \$3 billion worth of subscription payments in 9 countries across the Asia Pacific region (Australia, New Zealand, Malaysia, Singapore, Philippines, Hong Kong, Taiwan, Thailand, and South Korea) and are continually expanding.
